With the recent release of the bands second single '**EARLY MOURNING**', **ZOOPHYTE** is again enjoying support from radio nationally! With the unmistakable vocals of Cam Lee and hook driven guitar riffs, '**EARLY MOURNING**' encapsulates the essence of an emotionally powerful pop song. It's a hard paced rock song and yet a soft ballad that creates an essentially dark musical environment masked by a catchy chorus. Make no mistake – gone are the folk / pop / funk hybrid tracks that defined **ZOOPHYTE** of old. '**EARLY MOURNING**' is a guitar-heavy, alt-rock tour-de-force.

ZOOPHYTE blazed back into the spotlight with the March release of the hugely successful new single '**LET YOU GO**' and saw the band emerge as media darlings. The video premiered exclusively on ToneDeaf and within 1 week edged close to nearly 1000 views making it one of the strongest performing videos on the site. Further support saw video views rapidly escalated to over 3000 views and continue to grow. Since kicking off in March with a killer live set, the band has shared stages with the likes of INXS, Eskimo Joe, Tex Perkins and Jebadiah. The band have completed close to 40 shows around the county including a string of dates in Noumea, New Caledonia.

Reinforcing the strength of the new sounding album (**SOMEWHERE ELSEWHERE**), **ZOOPHYTE** recently inked a deal with Mushroom Music Publishing which sees the band join the ranks of an extraordinary roster of talent.
